

Street Naming

Effective Date: November 20, 1990

Revised Date: July 3, 2012

Revised Date: July 21, 2015

Purpose:

The purpose of this policy is to establish Council as the authority for the naming of streets.

Policy:

The Council for the City of Pitt Meadows shall be the only authority, through a formal resolution, to confer either a new name or change a name for a public thoroughfare in the City.

Council shall only decide upon a name after full consideration is given to maintenance of the standardized grid system of street numbers.

If for some reason, the grid system cannot be maintained, then consideration should be given to a name derived from the attached list of Historical Names (Attachment A) which denotes a certain cultural or historical aspect of Pitt Meadows or its citizens. The Developer may also submit to Council for consideration a naming theme that corresponds to a given development.
