

Application for a Special Permit for Use of Pyrotechnics

Please provide a written safety plan to accompany your application form. This plan should include the following:

- Site map noting buildings, film set, vehicles, proposed location of pyrotechnic equipment, electrical equipment (generators etc.) and fire prevention measures
- Size/make of pyrotechnic equipment (eg. CSA approved smoke machine – size/make/model)
- safety plan during proposed pyrotechnic activity including site specific safety plan and fire prevention (eg. fire extinguishers, fire watch)
- On set emergency contacts
