All Water is Drinking Water

Our drinking water is a valuable resource. It's important to help conserve it during the dry summer months. Let your lawn go golden brown, run full loads in your dishwasher and laundry, position your sprinkler so it only waters your lawn, and be sure to always follow watering regulations. Learn more water saving tips at pittmeadows.ca/water.

Be Water Smart

Position your sprinkler so it only waters your lawn and garden, not driveways or sidewalks. Learn more water saving tips at welovewater.ca.
