Drive Safely in Winter Conditions

This time of year, wintery weather makes for dangerous road conditions. Make sure your vehicle and your driving habits are adapted to the wet and icy roads with these safety tips:

- Switch to your winter tires, they're formulated for cold conditions and are required on many BC highways in the winter.
- Replace your windshield wipers.
- Remove all snow from your vehicle before each trip.
- Always pack an emergency kit when driving in the snow.
- Give yourself extra travel time, drive slowly and leave extra space between you and the car in front of you.
