

## Celebrate our New Outdoor Recreation Space on July 30

As part of the development of the Golden Ears Business Park Phases 3 and 4, Onni Group Developments provided an amenity contribution to the City consisting of 13 acres of green space in South Bonson. This includes eight acres of park land and five acres of an enhanced trail network, with an estimated value of \$22.5 million.

The celebration takes place on Monday, July 30 at 6:30pm at Pitt Meadows Athletic Park with remarks by local leaders and community sporting groups, followed by a sod turning and recreational activities. Everyone is invited and refreshments will be served.

How do you want to see the space used? Sport fields, running track, courts, or trails – tell us at [haveyoursaypittmeadows.ca](http://haveyoursaypittmeadows.ca).

### Water Restrictions in Effect

The region-wide sprinkling regulations are an effective way to help us use and preserve our drinking water wisely when water use is higher than usual and the weather is dry. From May 1 to October 15, Stage 1 watering restrictions are in effect. This means residents can only water lawns on specific days and times. Look for more information on your watering days and times and how we conserve water during the summer at [pittmeadows.bc.ca/waterrestrictions](http://pittmeadows.bc.ca/waterrestrictions).

## Council This Month

Cannabis Production in the ALR. Council supports the announcement by the Province on July 13 that allows local governments to prohibit the production of cannabis on Agricultural Land Reserve (ALR) properties. With the legalization of cannabis coming in October, cannabis production facilities are seeking agricultural land, and municipalities with large farming areas have expressed concerns about protecting ALR land for food production, as well as the effects of cannabis production on neighbouring properties and the community.

## Go Green

### Zero Waste – Reducing Textile Waste.

In support of the City's 2018 Zero Waste Campaign, this month's focus is textile waste reduction. Textiles are one of the fastest growing waste streams – did you know North Americans send 9.5 million tonnes of clothing to landfills annually? Let's help reduce this waste! The City's Green Leadership Team is collecting clean, quality clothing for a Community Clothing Swap. During July & August, drop off your donations at City Hall during business hours (8:30am to 4:30pm). Join us for our free Community Clothing Swap on August 23 from 3-6pm at Spirit Square!
