MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with generally accepted accounting principles or stated accounting principles, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all the statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

Council is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control.

The external auditors, BDO Canada LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules and statements required by the Act. Their examination includes a review and evaluation of the City's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly. The external auditors have full and free access to Council and meet with it on an annual basis.

INDEPENDENT AUDITOR'S REPORT

To the Mayor and Council of the City of Pitt Meadows

We have audited the accompanying consolidated financial statements of the City of Pitt Meadows, which comprise the Consolidated Statement of Financial Position as at December 31, 2013, and the Consolidated Statements of Operations, Change in Net Financial Assets and Cash Flow for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly in all material respects, the consolidated financial position of the City of Pitt Meadows as at December 31, 2013 and its consolidated results of operations and its consolidated cash flows for the year then ended, in accordance with Canadian public sector accounting standards.

City of Pitt Meadows
Notes to the Consolidated Financial Statements
For the Year Ended December 31, 2013

The City was incorporated as a District Municipality in 1914 under the *Municipal Act* (now a combination of the *Community Charter* and the *Local Government Act*), a statute of the Province of British Columbia. Effective January 1, 2007, the articles of incorporation of the municipality were changed by an Order in Council of the provincial government to reflect a change in its name to the City of Pitt Meadows. Its principal activities include the provision of local government services to the residents of the incorporated area. These services include community planning, protective, transportation, recreational, solid waste, water, sewer, drainage and dyking services.

1. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The consolidated financial statements of the City of Pitt Meadows are the representations of management prepared in accordance with Canadian public sector accounting standards as prescribed by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants Canada.

In 2013, the City adopted the provisions of the public sector accounting standard "PS3410 Government Transfers". This new standard can be applied either retroactively or prospectively, and the City elected to apply the standard prospectively which resulted in no impact to the previous years. Government transfers are recognized as revenue when authorized and eligibility criteria have been met unless the transfer contains stipulations that create a liability. If the transfer contains stipulations that create a liability, the related revenue is recognized over the period that the liability is extinguished.

In 2013, the City also adopted the provisions of the public sector accounting standard, "PS3510 Tax Revenue". The requirements of this standard did not differ from the treatment the City had previously been following and therefore, no change was required.

The consolidated financial statements reflect the assets, liabilities, revenues, expenses, and accumulated surplus of the reporting entity which is comprised of all organizations that are accountable for the administration of their financial affairs and resources to the Council and are controlled or owned by the City, including the Pitt Meadows Economic Development Corporation which was incorporated on March 5, 2010. Inter-entity balances and transactions have been eliminated on consolidation.

Use of Estimates

The preparation of consolidated financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the reported amounts of revenues and expenses during the period. Significant areas requiring use of management estimates relate to the determination of employee benefit obligations, useful life of tangible capital assets, liabilities associated with legal claims, and collectability of accounts receivable. As such, actual results could differ from those estimates.

Revenue Recognition

Revenue is recorded on the accrual basis and included in revenue in the period in which the transactions or events occurred that give rise to the revenues. Revenue unearned in the current period is recorded as deferred revenue.

Taxes are recorded at estimated amounts when they meet the definition of an asset, have been authorized and the taxable event occurs. Annual levies for non-optional municipal services and general administrative services are recorded as taxes for municipal services in the year they are levied. Taxes receivable are recognized net of an allowance for anticipated uncollectable amounts. Levies imposed by other taxing authorities are not included as taxes for municipal purposes.

City of Pitt Meadows
Notes to the Consolidated Financial Statements
For the Year Ended December 31, 2013

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

Unrestricted revenue for the sale of goods and services are reported as revenue at the time the services or products are provided.

Contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year in which the related expenses are incurred.

Through the British Columbia Assessment Authority's appeal process, taxes may be adjusted by way of supplementary roll adjustments. The effects of these adjustments on taxes are recognized at the time they are awarded.

Government Transfers

Government transfers, which include legislative grants, are recognized as revenue in the financial statements when the transfer is authorized and any eligibility criteria are met, except to the extent that transfer stipulations give rise to an obligation that meets the definition of a liability. Transfer are recognized as deferred revenue when the transfer stipulations give rise to a liability. Transfer revenue is recognized in the statement of operations as the stipulation liabilities are settled.

Expense Recognition

Expenses are recognized in the period the goods and services are acquired and a liability is incurred or transfers are due.

Cash and Equivalents

Cash and equivalents consist of cash, bank balances, highly liquid money market investments and short-term investments with maturities of less than 90 days at acquisition.

Portfolio Investments

Investments, other than Municipal Finance Authority Pooled Funds which are recorded at fair market value, are amortized. Investment premiums and discounts are amortized over the term of the respective investment. Investments are written down when there is, in the opinion of management, a permanent decline in value.

Non Financial Assets

Tangible capital and other non financial assets are reported as assets as they can be used to provide government services in future periods. These assets do not normally provide resources to discharge liabilities unless they are sold.

Tangible Capital Assets

Tangible Capital Assets, comprised of capital assets and capital work-in-progress, are recorded at cost which includes all amounts that are directly attributable to acquisition, construction, development and betterment of the assets. Interest incurred during construction is capitalized.

City of Pitt Meadows
Notes to the Consolidated Financial Statements
For the Year Ended December 31, 2013

1. SIGNIFICANT ACCOUNTING POLICIES (continued)

The cost, less residual value, is amortized on a straight-line basis over the estimated useful lives of the assets as follows:

Land	No amortization
Road Infrastructure	20 to 100 years
Drainage Infrastructure	30 to 80 years
Water Infrastructure	10 to 80 years
Sewer Infrastructure	30 to 80 years
Dyking Infrastructure	No amortization
Other Infrastructure	50 to 100 years
Buildings	20 to 50 years
Land Improvements	20 to 30 years
Vehicles	5 to 20 years
Equipment and Furnishings	4 to 10 years

In the year of acquisition, amortization begins the first day of the month the asset is in service.

Contributed tangible capital assets are recorded at their fair value at the date of contribution. The contribution is also recorded as revenue.

Employee Future Benefits

The City and its employees make contributions to the Municipal Pension Plan. The Municipal Pension Plan is a multi-employer contributory defined pension plan. These contributions are expensed as incurred.

The City also accrues sick leave, deferred vacation, supplementary vacation, vacation in year of retirement, overtime and service severance benefits. The liability relating to these benefits is actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The liability under this benefit plan is accrued based on projected benefits as the employees render services necessary to earn the future benefits.

Property Tax Collections for Other Governments

The City is required by legislation to bill and collect property taxes on behalf of other governments. These revenues and payments are not included in the City's financial statements.

2. PORTFOLIO INVESTMENTS

The City's portfolio of investments include bonds, deposits and notes of provincial governments and agencies, deposits and notes of chartered banks, and deposits in the Municipal Finance Authority Money Market Fund and Short Term Bond Fund.

The various instruments have stated rates of return ranging from 2.03% to 3.979% (2012 – 1.75% to 4.95%), with varying maturity dates up to August 3, 2022. The market value of the investments as at December 31, 2013 was \$21,907,500 (2012 – \$21,980,600). It is the City's practice to buy and hold investments to maturity in order to realize the stated rate of return.

6. EMPLOYEE BENEFIT OBLIGATION

The City provides non-vested sick leave, service severance, overtime bank, and vacation benefits to its employees. These benefits are described as follows:

- a) Non-Vested Sick Leave: Employees are entitled to a sick leave benefit of 1.5 days for each month of service which may be accumulated to a maximum of 250 days.
- b) Service Severance: Upon retirement, employees are eligible for a payout of 3 days per year of service accumulated after January 1, 1969, paid at his or her current rate of pay. Upon termination or death, employees who have completed 8 or more years of service accumulated after January 1, 1969 are eligible for a payout of 1 day per year of service paid at his or her current rate of pay.
- c) Overtime Bank: Employees may accumulate overtime hours in a bank. Upon termination, retirement or death accrued overtime is paid out at his or her current rate of pay.
- d) Deferred Vacation: Employees may defer a portion of their annual vacation entitlement. Employees in the collective bargaining unit who are entitled to 25 vacation days or more are subject to a maximum accumulation of 20 days. Exempt employees are subject to a maximum of 15 days.
- e) Supplementary Vacation: Employees are entitled to 5 days of supplementary vacation every five years. Employees in the collective bargaining unit are entitled commencing the fifteenth year of service. Exempt employees are entitled commencing the fifth year of service. The supplementary days must be used during the five year period following entitlement.

11. SEGMENTED INFORMATION

For reporting purposes, City activities have been aggregated into functional segments based on the services each activity provides. The Consolidated Schedule of Segment Disclosure (Schedule 3) reports the revenues and expenses that are directly attributable to each functional segment. The revenues and expenses that cannot be directly attributable or allocated on a reasonable basis to individual segments are reported in the unallocated segment. The following describes the services included in each segment:

General Government Services

The General Government segment includes administration, legislative, financial, human resources, information technology, economic development and sustainability services.

Protective Services

The Protective Services segment includes Police services provided by the RCMP and support services by the District of Maple Ridge, fire protection, bylaw enforcement, business licensing, building inspection, animal control and emergency program services.

Transportation Services

The Transportation Services segment includes engineering, operations administration, and roads maintenance services.

Utility, Solid Waste and Dyking Services

The Utility, Solid Waste and Dyking Services segment includes drainage, water, and sewer utility services, the solid waste collection and disposal service and dyking services.

Recreation and Cultural Services

The Recreation and Cultural Services segment includes parks and recreation services provided by the District of Maple Ridge, library services provided by the Fraser Valley Regional Library, and the operations of the Pitt Meadows Arena.

Planning Services

The Planning Services segment includes services for managing development and community planning.

11. SEGMENTED INFORMATION (continued)

Unallocated

The Unallocated segment includes the following revenues and expenses that cannot be directly attributable or reasonably allocated to a segment: municipal property taxation and penalties and interest charged thereon, taxes in lieu, return on investments, and interest paid on development cost charge funds and tax prepayment accounts.

12. MUNICIPAL PENSION PLAN

The municipality and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trustee pension plan. The board of trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer contributory pension plan. Basic pension benefits provided are based on a formula. The plan has about 179,000 active members and approximately 71,000 retired members. Active members include approximately 62 contributors from the City of Pitt Meadows.

The most recent actuarial valuation as at December 31, 2012 indicated a \$1,370 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2015 with results available in 2016. Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate with the result that there is no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

The City of Pitt Meadows paid \$385,168 (2012 - \$368,811) for employer contributions while employees contributed \$324,957 (2012 - \$317,172) to the Plan in fiscal 2013.

13. CONTINGENT LIABILITIES AND COMMITMENTS

- a) The City is a member of the Municipal Insurance Association (MIA), which operates under a reciprocal insurance exchange agreement. The main purposes of the exchange agreement are: (1) to pool the risk of third party liability claims against member municipalities (approximately 170) in order to allow for stable financial planning related to those liability claims; and (2) to engage in broad risk management strategies to reduce accidents or occurrences that may result in liability claims against the City. The City is assessed an annual premium by MIA based on factors such as population, administrative costs, premium tax and re-insurance costs. MIA is subject to financial oversight by the Provincial Government.
- b) The City self insures for certain potential financial losses arising from the penetration of water into building envelopes ("leaky buildings") and acts of terrorism, for any claims made after January 1st, 2002.
- c) The City has cost sharing agreements with the District of Maple Ridge to provide services in a more efficient and cost effective manner. These agreements cover the provision of all parks and leisure services, and police housing and support services. The costs are shared on the basis of proportionate population, and Council can terminate the agreement(s) by providing four months to one year's notice.

13. CONTINGENT LIABILITIES AND COMMITMENTS (continued)

- d) The City has a long-term service agreement with another organization for the provision of fire and public works dispatch services. This agreement has an annual cost of approximately \$34,000 and will expire on December 31, 2014.
- e) The City has been named defendant in a number of claims that are currently pending. In determining their estimated exposure the City has relied upon their understanding of the claims, including activities undertaken by the other parties, as well as discussions with legal counsel. In those cases where an unfavourable outcome is likely, a provision for anticipated costs has been accrued. In the opinion of management, the amount of any loss from these claims cannot be reasonably estimated, nor can the likelihood of their outcomes be known at this time. Therefore, management has made no provision for these claims and any future settlement will be accounted for in the year of settlement.
- f) As at December 31, 2013 there were various property assessment appeals pending. The outcome of those appeals may result in adjustments to property taxes receivable for the current and prior years. The City has made no specific provision for these appeals as the outcome is indeterminable.
- g) The City is a member of E-Comm, an organization comprised predominately of member municipalities, for the purpose of providing emergency dispatch services. The City is represented on the board, and as a Class 'A' shareholder has voting rights should the organization want to incur additional debt. The E-Comm facility was constructed using debt as a financing mechanism and members are liable for a proportionate share of that debt. This debt is repaid by members through annual fees charged by E-Comm. Should E-Comm dissolve, members would be liable for a proportionate share of any residual debt. Alternatively should a member choose to opt out of E-Comm, they would be liable for a proportionate share of debt at the time of withdrawal.
- h) On September 15, 2009 the City agreed to an Offer to Lease for approximately 12,200 square feet of space at 12059 Harris Road, Pitt Meadows for the purpose of relocating the Pitt Meadows Library in 2011. The lease commenced March 1, 2012, ninety days after the fixturing period, for a term of ten years. The annual minimum rent is \$151,000 and is subject to annual CPI increases in the second five year period of the term.
- i) In October, 2010 the City signed an Offer to Lease for approximately 9,500 square feet of space in a senior's residential facility for the purposes of operating a Senior's Centre. Construction of the facility began in 2011, and the lease commenced in January 2013. The term of the lease is forty years plus a 20 year renewal option. The rent for the initial 40 year term is \$1,549,506, prepaid at the commencement of the lease in 2013.
- j) In February, 2011 the City signed an Operating and Maintenance Agreement with Nustadia Recreation Inc. for the operation and maintenance of the Pitt Meadows Arenas. The agreement was effective May 1, 2011, with an initial term of five years and four optional renewal periods. An annual management fee of \$100,000 is payable under the agreement (adjusted annually for inflation), with payments due in equal monthly installments.
- k) The City has a long-term service agreement with the Province of British Columbia for the provision of police services by the Royal Canadian Mounted Police with an annual cost of approximately \$3.3 million. The current agreement commenced April 1, 2012 with an expiry date of March 31, 2032.

13. CONTINGENT LIABILITIES AND COMMITMENTS (continued)

- l) In March 2013 the City was the recipient of funds under the Green Municipal Fund (Project 10297) – Loan and Grant Agreement in the amount of \$3,141,602 in loan proceeds and \$378,320 in grant proceeds. A portion of the funds have been used to repay the 2012 \$3,000,000 balance of the temporary borrowing for the Facility Construction and Revitalization, Bylaw 2429.

14. BUDGET

The budget amounts which are presented for comparative purposes reflect the statutory balanced budget as adopted by Council on February 5, 2013 adjusted for amortization and other items for comparability with the actual results.
