Protecting Your Bike from Bike Theft

It's a great time of year to get out on your bike – so please make sure you follow some steps to protect your bike from being stolen. Here are some tips:

1. Never leave your bike unlocked in public; use a high quality lock.
2. Store your bike in a safe location at home, preferably in a locked area.
3. If you are leaving your bike unattended on the back of a vehicle, lock the bike to your vehicle, and choose appropriate places to park.
4. Never lock your bike by the front wheel only. Always lock your bike with two quality locks — use a U-lock and a cable lock.
5. If you are required to store your bike in a designated area such as a bike locker, use a high quality lock and take the extra step of removing the seat or a wheel.

Keep the serial numbers (regardless of the value of the bike) so they can be added to police computer records, so your bike can be identified if located. Many bike stores also keep serial numbers and information on your purchased bike.

Did you know that Ridge Meadows RCMP has a crime prevention anti-theft bicycle program called 529 Garage? To learn more about this program and how to join, contact the Crime Prevention Coordinator at 604.476.6916.
