10 TIPS TO PREVENT AUTO THEFT

It only takes a second for a thief to unlock a vehicle door or smash a window, remove valuable items and disappear without detection. Protect against auto theft with these helpful tips:

1. Use an anti-theft device such as an alarm, electronic immobilizer or steering wheel lock.
2. Park in secure, well-lit areas and use a motion sensor light for your driveway.
3. Never leave your keys unguarded.
4. Remove valuables from your vehicle or put them out of sight.
5. Wait for garage door gates to close behind you.
6. Don't leave your vehicle running when it's not in use.
7. Keep your garage door opener out of sight.
8. Secure your vehicle by closing windows and locking doors.
9. Take advantage of a tech-based auto recovery tool like GPS tracking.
10. Be alert and if you see something suspicious, report it!
