BE ALERT! DON'T BE A VICTIM TO SCAMS

Fraudsters target people of all backgrounds, ages and incomes whether online, over the phone, by mail or in person. If it sounds too good to be true, it probably is.

Here are some helpful tips to avoid scams:

- Be cautious of unusual payment requests such as preloaded gift cards or virtual currency.
- Never open suspicious texts, pop-up windows or click on links or attachments in emails.
- Watch for spelling mistakes and examine email and web address for subtle mistakes or differences - Gmail and Hotmail accounts are often used.
- If you receive an unsolicited call from someone claiming to be someone that you trust, such as a government agency, family member, charity or business, hang up and call the organization yourself using the number from a trustworthy source.
- Don't accept friend requests on social media from people you don't know.
- Don't pay upfront for a promise or a prize. If you do, you will probably never see your money again.
