Council This Month

Civic Engagement in Pitt Meadows. Council recently received the Civic Engagement Framework and Strategy document the City has created with Modus Consulting to improve public participation in the community. Part of this work came from the involvement of members of the public who attended a focus group and responded to an online survey on civic engagement in Pitt Meadows. There will be many opportunities for residents to give their input on issues in the coming year; look for more information and ways to get involved at pittmeadows.bc.ca/publicparticipation.
